COMPANY PROFILE

A BETTER FUTURE - THROUGH LOGISTICS

OUR COMPANY

We are a Zambian logistics company providing services to local and international clients

VISION

To become Zambia's preferred supply chain logistics company - applying insight, service quality and innovation to create sustainable growth for business and society.

MISSION

Connecting people, businesses and communities to a better future - through logistics.

OUR COMPANY

Founded by Martin Katete and Peter Siame in December 2015, Nitram Clearing and Forwarding Ltd provides an intelligent, innovative and customised logistics service which has the luxury of being able to attend to clients' needs individually.

Our company is a perfect fit for clients in the manufacturing business, mining industry, general traders and any operation that requires the transfer of goods and equipment around the globe and within Zambia.

CORE VALUES

CONNECTION

We invest in insight to get to the heart of our customers' challenges.

We are open and transparent in the way we work.

COMMITMENT

We are deeply involved in building relationships – everything we do is with the long-term in mind. Our dedication to quality is the cornerstone of our success – we get every detail right.

CREATIVITY

We are constantly developing better ways of working.

If we find a better method, we act upon it and share it.

FOUNDERS' PROFILES

OUR SERVICES

Freight Forwarding

We offer international and domestic air, road and rail freight forwarding services. Handling small to large shipments with professionalism, we strive to meet all our clients' global freight forwarding needs within Zambia and around the world. Our approach is to provide tailored solutions that are built around the client's specific requirements.

Export Management

We manage all required export activities to coordinate the international shipment of goods. Our competent staff handle the negotiations and complex administrative tasks on our clients' behalf to facilitate their participation in international export markets with ease.

Customs Clearing

Our team is able to deal with all types of customs clearance at ports of entry and exit. We take care of all relevant documentation, customs examination, facilitate payments of duty and arrange delivery once the cargo has been cleared.

OUR SERVICES

Transit Cargo Management

We guarantee speedy and safe passage of goods through Zambia to other tax jurisdictions. Our company arranges transit bonds and enables duty-free transit of goods through Zambia so the cargo can reach its international destination hassle-free.

Trucking and Commercial Distribution

We partner with most trusted carriers to deliver both heavy and lighter cargo across Zambia, eliminating our customers' need to own and maintain their own costly fleet and staff. Assistance with distribution of commercial products within Zambia is also part of our service offering.

Bonded Warehousing

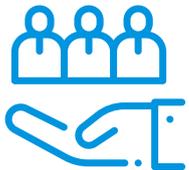

By providing access to bonded warehouses and providing Removal In Bond (RIB) and Removal In Transit (RIT) services for clients, we facilitate the temporary storage and movement of imported goods.

WHY CHOOSE US

Tailor-made solutions

We do not use a one-size-fits-all approach, but rather offer customised logistics solutions to our clientele. We are constantly fine-tuning our methods and open to new innovative ways of solving logistical challenges, meaning you can rest assured that our offer to you is the best option available.

Experience, efficiency and excellence

Our efficient team has a comprehensive understanding of the inside workings of all fields involved in logistics management, ensuring that our clients can have absolute peace of mind when entrusting their cargo to us. We strive to offer an excellent and cost-effective service, together with impeccable customer care at all times.

Long-term relationships

With us you are not just a number. We value relationships and take the time to understand the needs of each of our clients. Unlike a large corporate logistics outfit, our company is not burdened with bureaucracy, but has the capacity to interact directly with customers in resolving their challenges. We are also focussed on building lasting partnerships with service providers and other role-players in the industry to be able to offer only the best service to our clients.
